Notice of Intent for New or Renewal of General Permit for Discharges from Small Municipal Separate Storm Sewer Systems (MS4's)

Part I. Municipal (MS4) Contact Information

1. Name of Municipality: Village of Worth MS4 #: ILR400481
 Population (based on 2020 census): 10,789
2. MS4 Mailing Address: 7112 West 111th Street City: Worth, IL Zip: 60482
3. Primary MS4 Contact Person (Authorized Representative for MS4 Permit)
 Name: Mr. Ed Urban Title: Superintendent of Public Works
 Phone: 708-448-4256 Email Address: urban@villageofworth.com

General Information

4. Latitude and Longitude at approximate geographical center of MS4 for which you are requesting authorization to discharge:
 Latitude: 41 40 54 Longitude: 87 47 34
 Degrees Minutes Seconds Degrees Minutes Seconds
5. Community Type: Village Other: _____
6. Name(s) of governmental entity(ies) in which MS4 is located:
- | City/Village | Township | County |
|------------------|----------------|-------------|
| Village of Worth | Lyons Township | Cook County |
| | Palos Township | |
7. Area of land within your MS4 in square miles: 2.4
8. Percent of MS4 served by combined sewer: 0 Percent of MS4 served by separate sewer: 100

Impaired Waters

The most recent 303(d) list may be found at <https://epa.illinois.gov/topics/water-quality/watershed-management/tmdls/303d-list.html>.
 Information regarding TMDLs may be found at <https://epa.illinois.gov/topics/water-quality/watershed-management/tmdls.html>.

Name(s) of known receiving waters (in and within 3 miles of MS4 area)	Impairment listed on 303d List or TMDL?
Arrowhead (IL_RHZE)	<input checked="" type="radio"/> Yes <input type="radio"/> No
Cause: CauseUnk, Hg	<input checked="" type="radio"/> Yes <input type="radio"/> No
Calumet Sag Channel (IL_H-01)	<input checked="" type="radio"/> Yes <input type="radio"/> No
Cause: Hg, PCBs, FC	<input checked="" type="radio"/> Yes <input type="radio"/> No
Calumet Sag Channel (IL_H-02)	<input checked="" type="radio"/> Yes <input type="radio"/> No
Cause: Hg, PCBs, FC	<input checked="" type="radio"/> Yes <input type="radio"/> No
Crooked Creek (IL_HD)	<input type="radio"/> Yes <input checked="" type="radio"/> No
Cause: N/A	<input type="radio"/> Yes <input checked="" type="radio"/> No
Lucas Ditch (IL_HGA)	<input type="radio"/> Yes <input checked="" type="radio"/> No
Cause: N/A	<input type="radio"/> Yes <input checked="" type="radio"/> No
Mill Creek (IL_HE)	<input type="radio"/> Yes <input checked="" type="radio"/> No

Name(s) of known receiving waters (in and within 3 miles of MS4 area)	Impairment listed on 303d List or TMDL?
Cause: N/A	<input type="radio"/> Yes <input checked="" type="radio"/> No
Navajo Creek (IL_HI)	<input type="radio"/> Yes <input checked="" type="radio"/> No
Cause: N/A	<input type="radio"/> Yes <input checked="" type="radio"/> No
Stony Creek West (IL_HG)	<input type="radio"/> Yes <input checked="" type="radio"/> No
Cause: N/A	<input type="radio"/> Yes <input checked="" type="radio"/> No
Tinley Creek (IL_HF-01)	<input type="radio"/> Yes <input checked="" type="radio"/> No
Cause: N/A	<input type="radio"/> Yes <input checked="" type="radio"/> No

9a. If impaired, which potential causes and source?

Causes: See Section 9 above

Source: See Section 9 above

9b. Are the receiving waterbodies included in an approved TMDL or alternate water quality management plan? Yes No

9c. Is the MS4 community included in the chloride variance? Yes No

Program Responsibility

10. Shared Responsibility

Is your MS4 responsible for any permit requirements of another MS4 community? Yes No

Does your MS4 Community rely on another MS4 to satisfy any of the permit requirements? Yes No

11. Co-Permittee

Is your MS4 Community a Co-Permittee with another MS4 Community? Yes No

12. Other contacts responsible for implementation or coordination of Stormwater Management Program

Name: Joel Dabricki, PE

Title: Village Engineer

Phone: 815-412-2012

Email: jdrabricki

Area of Responsibility: Project Management & Reporting

Part II. Best Management Practices (include shared responsibilities) which have been implemented or are proposed to be implemented in the MS4 area

A. Public Education and Outreach

Approximate date first implemented: 03/10/03 Frequency of each BMP program: Various

Qualifying Local Programs

A.1 Distributed Paper Material

Measurable Goals (include shared responsibilities)

A.1 Distributed Paper Material

Brief Description of BMP

Distribution of stormwater-related information by newsletters, brochures, pamphlets and flyers and through social media.

Measurable Goals, including frequencies

Number and/or types of articles included in newsletters, posted in social media, and distributed in paper format.

Milestones

Year 1: Distribution of newsletters, brochures, pamphlets and flyers.

Year 2: Distribution of newsletters, brochures, pamphlets and flyers.

Year 3: Distribution of newsletters, brochures, pamphlets and flyers.

Year 4: Distribution of newsletters, brochures, pamphlets and flyers.

Year 5: Distribution of newsletters, brochures, pamphlets and flyers.

Additional Info

BMP Number: _____

A.2 Speaking Engagement

A.3 Public Service Announcement

A.4 Community Event

A.5 Classroom Education Material

A.6 Other Public Education

Brief Description of BMP

Maintain a website with links to outside materials and resources related to stormwater management. Post NPDES documents on municipal website.

Measurable Goals, including frequencies

Milestones

Year 1: Maintain websites and outside links.

Year 2:

Year 3:

Year 4:

Year 5:

Additional Info

BMP Number: _____

B. Public Participation/Involvement

Approximate date first implemented: 03/10/03 Frequency of each BMP program: Various

Qualifying Local Programs

B.4 Public Hearing
B.7 Other Public Involvement

Measurable Goals (include shared responsibilities)

- B.2 Educational Volunteer
- B.3 Stakeholder Meeting
- B.4 Public Hearing

Brief Description of BMP

Presentation describing the goals of the MS4 permit requirements and the Village's responsibilities under that permit at the Village Board meeting annually; allow for public input and/or to ask questions.

Measurable Goals, including frequencies

Milestones

Year 1:

Year 2:

Year 3:

Year 4:

Year 5:

Additional Info

BMP Number: B.4

N/A

- B.5 Volunteer Monitoring
- B.6. Program Involvement

Brief Description of BMP

MS4 supports MWRD recycling events, rain barrels sales, and Chicago-Calumet River clean ups hosted by MWRD and other nearby entities by providing website links and posting it on Village Hall sign board. MS4 promotes and provides information on curb side recycling, branch pickup, and waste pickup on website and Village Hall sign board.

Measurable Goals, including frequencies

Reduce recyclable waste from the waste stream by encouraging public participation in recycling events. Reduce debris from the waterways through recruiting volunteers for clean up events.

Milestones

Year 1: Promote activities listed above.

Year 2: Promote activities listed above.

Year 3: Promote activities listed above.

Year 4: Promote activities listed above.

Year 5: Promote activities listed above.

Additional Info

BMP Number: _____

[Empty text box]

B.7 Other Public Involvement

Brief Description of BMP

MS4 uses its website and the Village Hall sign to post stormwater reminders, such as the need to pick up pet waste, "Only Rain Down the Drain", and "After the Storm"

Measurable Goals, including frequencies

[Empty text box]

Milestones

Year 1: Periodically post stormwater reminders through the reporting year

Year 2: Periodically post stormwater reminders through the reporting year

Year 3: Periodically post stormwater reminders through the reporting year

Year 4: Periodically post stormwater reminders through the reporting year

Year 5: Periodically post stormwater reminders through the reporting year

Additional Info

BMP Number: B.7

N/A

C. Illicit Discharge Detection and Elimination

Approximate date first implemented: 03/10/03

Frequency of each BMP program: Various

Qualifying Local Programs

- C.1 Sewer Map Preparation
- C.2 Regulatory Control Program
- C.4 Illicit Discharge Tracing Procedures
- C.5 Illicit Source Removal Procedures
- C.7 Visual Dry Weather Screening
- C.10 Other Illicit Discharge Controls

Measurable Goals (include shared responsibilities)

C.1 Sewer Map Preparation

Brief Description of BMP

Review map annually; update with new development or modifications as required

Measurable Goals, including frequencies

Maintain/update map annually

Milestones

Year 1: Maintain/update map annually

Year 2: Maintain/update map annually

Year 3: Maintain/update map annually

Year 4: Maintain/update map annually

Year 5: Maintain/update map annually

Additional Info

BMP Number: _____

C.2 Regulatory Control Program

Brief Description of BMP

Prohibit non-stormwater discharges into the storm sewer system in accordance with MWRD ordinance and, if needed, implement enforcement procedures to be performed in a timely matter.

Measurable Goals, including frequencies

Eliminate illicit discharges found and take enforcement actions as needed

Milestones

Year 1: Enforce ordinance as needed.

Year 2: Enforce ordinance as needed.

Year 3: Enforce ordinance as needed.

Year 4: Enforce ordinance as needed.

Year 5: Enforce ordinance as needed.

Additional Info

BMP Number: _____

[Empty text box for additional information]

C.3 Detection/Elimination Prioritization Plan

Brief Description of BMP

The Illicit Discharge Detection and Elimination Guidance Manual by CWP will be used as a guide for prioritizing detection and elimination methods.

Measurable Goals, including frequencies

[Empty text box for measurable goals]

Milestones

Year 1: The CWP manual will be followed.

Year 2: The CWP manual will be followed.

Year 3: The CWP manual will be followed.

Year 4: The CWP manual will be followed.

Year 5: The CWP manual will be followed. .

Additional Info

BMP Number: _____

[Empty text box for additional information]

C.4 Illicit Discharge Tracing Procedures

Brief Description of BMP

The Illicit Discharge Detection and Elimination Guidance Manual by CWP will be used as a guide for tracing illicit discharges.

Measurable Goals, including frequencies

Document procedures implemented for any illicit discharges tracked.

Milestones

Year 1: The CWP manual will be followed.

Year 2: The CWP manual will be followed.

Year 3: The CWP manual will be followed.

Year 4: The CWP manual will be followed.

Year 5: The CWP manual will be followed.

Additional Info

BMP Number: _____

C.5 Illicit Source Removal Procedures

Brief Description of BMP

the Illicit Discharge Detection and Elimination Guidance Manual by CWP will be used as a guide for removal procedures.

Measurable Goals, including frequencies

Document procedures implemented for any illicit discharges requiring removal.

Milestones

Year 1:

The CWP manual will be followed.

Year 2:

The CWP manual will be followed.

Year 3:

The CWP manual will be followed.

Year 4:

The CWP manual will be followed.

Year 5:

The CWP manual will be followed.

Additional Info

BMP Number: _____

C.6 Program Evaluation and Assessment

C.7 Visual Dry Weather Screening

Brief Description of BMP

Perform dry weather screenings of storm sewer outfalls to identify any illicit discharges.

Measurable Goals, including frequencies

Track number of dry weather screenings performed within reporting year

Milestones

Year 1:

Perform dry weather screenings of storm sewer outfalls to identify any illicit discharges.

Year 2:

Perform dry weather screenings of storm sewer outfalls to identify any illicit discharges.

Year 3:

Perform dry weather screenings of storm sewer outfalls to identify any illicit discharges.

Year 4:

Perform dry weather screenings of storm sewer outfalls to identify any illicit discharges.

Year 5:

Perform dry weather screenings of storm sewer outfalls to identify any illicit discharges.

Additional Info

BMP Number: _____

- C.8 Pollutant Field Testing
- C.9 Public Notification
- C.10 Other Illicit Discharge Controls

Brief Description of BMP

Post contact information and after hours phone numbers on website for residents

Measurable Goals, including frequencies

Encourage calls from residents for suspected illicit discharges

Milestones

Year 1:

Continue posting contact information on website

Year 2:

Continue posting contact information on website

Year 3:

Continue posting contact information on website

Year 4:

Continue posting contact information on website

Year 5:

Continue posting contact information on website

Additional Info

BMP Number: _____

D. Construction Site Runoff Control

Approximate date first implemented: 03/10/03 Frequency of each BMP program: Various

Qualifying Local Programs

D.1 Regulatory Control Program
D.2 Erosion and Sediment Control BMPs
D.4 Site Plan Review Procedures
D.6 Site Inspection/Enforcement Procedures

- D.1 Regulatory Control Program

Brief Description of BMP

MS4 currently implements and enforces Village and MWRD Ordinances for construction sites. Construction plans and SESC controls are reviewed and approved prior to commencement of construction. Review applicable sections of ordinances for effectiveness, and revise as necessary.

Measurable Goals, including frequencies

Maintain ongoing list of development projects with disturbance >1 acre

Milestones

Measurable Goals (include shared responsibilities)

Year 1: Implement Village and MWRD ordinances; review for effectiveness

Year 2: Implement Village and MWRD ordinances; review for effectiveness

Year 3: Implement Village and MWRD ordinances; review for effectiveness

Year 4: Implement Village and MWRD ordinances; review for effectiveness

Year 5: Implement Village and MWRD ordinances; review for effectiveness

Additional Info

BMP Number: _____

[Empty text box for additional information]

D.2 Erosion and Sediment Control BMPs

Brief Description of BMP

Require erosion and sediment control BMPs to be installed and approved prior to breaking ground and to be maintained through construction.

Measurable Goals, including frequencies

Maintain list of development projects disturbing more than 1 acre, and track inspections performed.

Milestones

Year 1: Enforce erosion and sediment ordinances and track inspections performed.

Year 2: Enforce erosion and sediment ordinances and track inspections performed.

Year 3: Enforce erosion and sediment ordinances and track inspections performed.

Year 4: Enforce erosion and sediment ordinances and track inspections performed.

Year 5: Enforce erosion and sediment ordinances and track inspections performed.

Additional Info

BMP Number: _____

[Empty text box for additional information]

D.3 Other Waste Control Program

Brief Description of BMP

Require contractors to control construction waste and debris on site, including building materials, concrete washout, litter, and sanitary waste through SWPPP reviews and periodic site inspections

Measurable Goals, including frequencies

Reduce complaints from residents for construction sites; Track number of complaints

Milestones

Year 1: Continue to review SWPPPs and perform site inspections

Year 2: Continue to review SWPPPs and perform site inspections

Year 3: Continue to review SWPPPs and perform site inspections

Year 4: Continue to review SWPPPs and perform site inspections

Year 5: Continue to review SWPPPs and perform site inspections

Additional Info

BMP Number: _____

D.4 Site Plan Review Procedures

Brief Description of BMP

Plans are submitted to the Village and reviewed by Village staff and engineering consultants to ensure compliance with ordinances prior to commencement of construction.

Measurable Goals, including frequencies

Maintain list of development project requiring an ILR 10 permit that underwent reviews.

Milestones

Year 1: Review plans prior to commencement of construction.

Year 2: Review plans prior to commencement of construction.

Year 3: Review plans prior to commencement of construction.

Year 4: Review plans prior to commencement of construction.

Year 5: Review plans prior to commencement of construction.

Additional Info

BMP Number: _____

D.5 Public Information Handling Procedures

Brief Description of BMP

Maintain a procedure for receiving and investigating construction-related stormwater complaints from public

Measurable Goals, including frequencies

Document complaints from the public

Milestones

Year 1: Continue receiving and investigating construction-related stormwater complaints

Year 2: Continue receiving and investigating construction-related stormwater complaints

Year 3: Continue receiving and investigating construction-related stormwater complaints

Year 4: Continue receiving and investigating construction-related stormwater complaints

Year 5: Continue receiving and investigating construction-related stormwater complaints

Additional Info

BMP Number: _____

[Empty text box for additional information]

D.6 Site Inspection/Enforcement Procedures

Brief Description of BMP

Perform ongoing site inspections of developments disturbing more than 1 acre

Measurable Goals, including frequencies

Document number and types of inspections through construction for sites with > 1 acre of disturbance

Milestones

Year 1: Inspect BMPs during construction; have contractor maintain or modify BMPs as needed.

Year 2: Inspect BMPs during construction; have contractor maintain or modify BMPs as needed.

Year 3: Inspect BMPs during construction; have contractor maintain or modify BMPs as needed.

Year 4: Inspect BMPs during construction; have contractor maintain or modify BMPs as needed.

Year 5: Inspect BMPs during construction; have contractor maintain or modify BMPs as needed.

Additional Info

BMP Number: _____

[Empty text box for additional information]

D.7 Other Construction Site Runoff Controls

E. Post-Construction Runoff Control

Approximate date first implemented: 03/10/03 Frequency of each BMP program: Various

Qualifying Local Programs

- E.2 Regulatory Control Program
- E.3 Long Term O&M Procedures
- E.4 Pre-Construction Review of BMP Designs
- E.5 Site Inspections During Construction
- E.6 Post-Construction Inspections

Measurable Goals (include shared responsibilities)

E.1 Community Control Strategy

E.2 Regulatory Control Program

Brief Description of BMP

The Village enforces ordinances to implement post-construction runoff control and encourage incorporation of BMPs that improve water quality into development.

Measurable Goals, including frequencies

Track the number of post construction BMPs installed with new development

Milestones

Year 1: Enforce ordinances as necessary. Review applicable ordinances for effectiveness on an annual basis and revise as necessary.

Year 2: Enforce ordinances as necessary. Review applicable ordinances for effectiveness on an annual basis and revise as necessary.

Year 3: Enforce ordinances as necessary. Review applicable ordinances for effectiveness on an annual basis and revise as necessary.

Year 4: Enforce ordinances as necessary. Review applicable ordinances for effectiveness on an annual basis and revise as necessary.

Year 5: Enforce ordinances as necessary. Review applicable ordinances for effectiveness on an annual basis and revise as necessary.

Additional Info

BMP Number: _____

[Empty text box for additional information]

E.3 Long Term O & M Procedures

Brief Description of BMP

MS4 requires long term O&M to be included for all PCBMPs

Measurable Goals, including frequencies

Encourage proper long-term maintenance of PCBMP to maximize effectiveness. Provide sample letter review with O&M comments.

Milestones

Year 1: Continue to implement ordinances

Year 2: Continue to implement ordinances

Year 3: Continue to implement ordinances

Year 4: Continue to implement ordinances

Year 5: Continue to implement ordinances

Additional Info

BMP Number: _____

[Empty text box for additional information]

E.4 Pre-Construction Review of BMP Designs

Brief Description of BMP

The Village enforces volume control BMPs per ordinances with new development reviews

Measurable Goals, including frequencies

Track the number of new developments with detention requirements.

Milestones

Year 1: Review all new development for compliance with post-construction BMP requirements

Year 2: Review all new development for compliance with post-construction BMP requirements

Year 3: Review all new development for compliance with post-construction BMP requirements

Year 4: Review all new development for compliance with post-construction BMP requirements

Year 5: Review all new development for compliance with post-construction BMP requirements

Additional Info

BMP Number: _____

[Empty text box for additional information]

E.5 Site Inspections During Construction

Brief Description of BMP

Stormwater storage and conveyance facilities are inspected before and through construction; if any facilities need to be maintained or modified, the contractor is notified.

Measurable Goals, including frequencies

Track the number and type of inspections for new development projects requiring ILR10

Milestones

Year 1: Inspect stormwater facilities to ensure compliance with approved plans.

Year 2: Inspect stormwater facilities to ensure compliance with approved plans.

Year 3: Inspect stormwater facilities to ensure compliance with approved plans.

Year 4: Inspect stormwater facilities to ensure compliance with approved plans.

Year 5: Inspect stormwater facilities to ensure compliance with approved plans.

Additional Info

BMP Number: _____

[Empty text box for additional information]

E.6 Post-Construction Inspections

Brief Description of BMP

Inspect structural BMPs/drainage facilities prior to acceptance and closure of the permit.

Measurable Goals, including frequencies

Inspect structural BMPs/drainage facilities at time of acceptance.

Milestones

Year 1: Inspect structural BMPs/drainage facilities at time of acceptance.

Year 2: Inspect structural BMPs/drainage facilities at time of acceptance.

Year 3: Inspect structural BMPs/drainage facilities at time of acceptance.

Year 4: Inspect structural BMPs/drainage facilities at time of acceptance.

Year 5: Inspect structural BMPs/drainage facilities at time of acceptance.

Additional Info

BMP Number: _____

E.7 Other Post-Construction Runoff Controls

F. Pollution Prevention/Good Housekeeping

Approximate date first implemented: 03/10/03 Frequency of each BMP program: Various

Qualifying Local Programs

F.2 Inspection and Maintenance Program
F.4 Municipal Operations Waste Disposal
F.5 Flood Management/Assess Guidelines

F.1 Employee Training Program

Brief Description of BMP

MS4 to provide staff with appropriate training on policies and procedures in accordance with responsibilities and provide one good housekeeping talk and one salt training event annually.

Measurable Goals, including frequencies

Track staff attendees at training events.

Milestones

Year 1: Provide appropriate employees with training materials, seminars and instruction.

Year 2: Provide appropriate employees with training materials, seminars and instruction.

Year 3: Provide appropriate employees with training materials, seminars and instruction.

Year 4: Provide appropriate employees with training materials, seminars and instruction.

Year 5: Provide appropriate employees with training materials, seminars and instruction.

Additional Info

Measurable Goals (include shared responsibilities)

BMP Number: _____

F.2 Inspection and Maintenance Program

Brief Description of BMP

To reduce the amount of pollution entering the storm sewer by performing regular street sweeping and cleaning of streets, parking lots, and maintenance areas and maintenance of catch basins. Perform quarterly inspections and maintenance, as needed, of MS4-owned facilities and detention basins.

Measurable Goals, including frequencies

Keep records of quarterly inspections

Milestones

Year 1: Maintenance of Village structural BMPs as needed and as warranted by inspections/surveillance.

Year 2: Maintenance of Village structural BMPs as needed and as warranted by inspections/surveillance.

Year 3: Maintenance of Village structural BMPs as needed and as warranted by inspections/surveillance.

Year 4: Maintenance of Village structural BMPs as needed and as warranted by inspections/surveillance.

Year 5: Maintenance of Village structural BMPs as needed and as warranted by inspections/surveillance.

Additional Info

BMP Number: _____

F.3 Municipal Operations Storm Water Control

F.4 Municipal Operations Waste Disposal

Brief Description of BMP

Develop and implement policies and procedures for disposing of operational waste, including construction materials and landscape waste, equipment fluids, catch basin debris removed, street sweeping material, etc. Monitor program for effectiveness and compliance.

Measurable Goals, including frequencies

Track quantities of material

Milestones

Year 1: Follow policies and procedures for disposing of operational waste; review and update as needed

Year 2: Follow policies and procedures for disposing of operational waste; review and update as needed

Year 3: Follow policies and procedures for disposing of operational waste; review and update as needed

Year 4: Follow policies and procedures for disposing of operational waste; review and update as needed

Year 5: Follow policies and procedures for disposing of operational waste; review and update as needed

Additional Info

BMP Number: _____

F.5 Flood Management/Assess Guidelines

Brief Description of BMP

Identify priority areas with flooding problems and monitor for illegal dumping or blocked grates. Use enforcement methods when necessary.

Measurable Goals, including frequencies

Track frequency of inspections of priority areas.

Milestones

Year 1: Monitor priority areas before and after rain events

Year 2: Monitor priority areas before and after rain events

Year 3: Monitor priority areas before and after rain events

Year 4: Monitor priority areas before and after rain events

Year 5: Monitor priority areas before and after rain events

Additional Info

BMP Number: _____

F.6 Other Municipal Operations Controls

BMPs Currently Implemented and Proposed

BMP Number	Location
All	See above

Approximate Pollutant Reduction Resulting from each BMP

BMP Number	Pollutant	Reduction
All	Various	TBD

Instream Monitoring Program

Is there an instream monitoring program currently in place? Yes No

Is an instream monitoring program currently being proposed? Yes No

Sediment Monitoring

Is sediment monitoring currently taking place? Yes No

Sample Monitoring of Outfalls

Is sample monitoring of outfalls currently taking place? Yes No

Other Monitoring

Describe other types of monitoring implemented or proposed to evaluate the BMP effectiveness or water quality impact of stormwater.

The Village does not perform any separate monitoring.

Part III. Certification

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for knowingly submitting false information, including the possibility of fines and imprisonment.

Any person who knowingly makes a false, fictitious, or fraudulent material statement, orally or in writing, to the Illinois EPA commits a Class 4 felony. A second or subsequent offense after conviction is a Class 3 felony (415 ILCS 5/44 (h)).
